ruly Mob.

Police Reserves Kept Busy All
Night

Negroes Retaliate by Firing
Upon Sick and Wounded.

Military Authorities Take Hand
and Place Patrols.

(By Associated Press.)

Washington, July 21.—Police and hospital records showed today scores of negroes were injured in the widespread clashes between whites and negroes here last night.

More than a dozen negroes, some of them suffering from severe beatings, were at hospitals, and scores were cared for at their homes.

The rioting, which began shortly after 10 o'clock, lasted until early this morning, and although many arrests were made, so widely scattered were the outbreaks that the police and a detail of provost guards were unable to cope with the situation.

Riot calls came in from several sections in rapid succession, and the entire police reserve was kept on the jump practically all night.

At times, the mobs reached the proportions of a thousand or more persons, and in a number of cases policemen who sought to aid negro victims of the attack were overwhelmed.

In several instances, negroes were pulled from street cars and beaten in to unconsciousness. Soldiers, sailors and marines were said by police to have been leaders in the disorders.

**BLACKS RETALIATE
IN ATTACKS TODAY**

(By Associated Press.)

Washington, July 21.—The federal government today intervened to prevent a recurrence of the attacks made Saturday and Sunday nights by soldiers, sailors and marines against negroes in retaliation for assaults by negroes on white women in this city. The army provost guard has been restored to duty.

Police authorities announced 250 soldiers and marines would aid police in patrolling the streets tonight.

Just about noon today the negroes gave the first evidence of retaliation. Four blacks in an automobile drove up to the naval hospital in Potomac Park not far from the White House, and fired four shots at the sentry.

They then whisked their machine around the corner and fired four shots at inmates on the hospital grounds, all of them sick and wounded sailors or marines. The negroes got away. The shots all went wild.

Under auspices of the national race congress, a meeting of negroes assembled this afternoon to act on resolutions protesting against the attack.

BY HIS DOCTOR**

Condition not Serious But May
be Week in Recovering.

All Engagements are Cancelled

(By Associated Press.)

Washington, July 21.—President Wilson returned to Washington early today from a week-end cruise to Hampton Roads and was immediately ordered to bed by his personal physician, Rear Admiral Harry T. Grayson, who announced that the President was suffering with dysentery.

Admiral Grayson said the President's condition was not serious, but that he probably would be unable to receive callers before the end of the week.

Engagements which Mr. Wilson had with a number of republican senators to discuss the peace treaty and the League of Nations were cancelled.

**"Y" SECRETARY
IS DECORATED**

Republicans Accused of Mis-
statement of Facts Concern-
ing Shantung.

Request of President Ignored

(By Associated Press.)

Washington, July 21.—Senate debate on the peace treaty and the League of Nations was renewed today in a sharp controversy between Senators Williams, democrat, and Lodge and Borah, republicans, over the Shantung settlement.

Williams charged the republicans in recent addresses had submitted erroneous statistics but both republicans denied this and Mr. Lodge reiterated that while Japan secured territorial control only over Shantung ports the German railroad and other concessions transferred give her practically control over the entire province.

President Wilson today asked the Senate foreign relations committee to approve of an American member of the reparations committee provided for under the peace treaty to act provisionally pending Senate action on the Versailles document. The committee debated the request for more than an hour without acting.

The President wrote that he made the request because he considered it "of such importance to the business interests of the country" that the United States must be represented on the commission.

**FLOOD DAMAGE
IS VERY HEAVY
AT MT. VERNON**

Bridges Swept Away by Swollen
Streams.

(Special to The Herald)

Mt. Vernon, Ohio, July 21.—Damage estimated at upwards of \$150,000 resulted from floods following the heavy rains of Saturday and Sunday in the vicinity of Mt. Vernon.

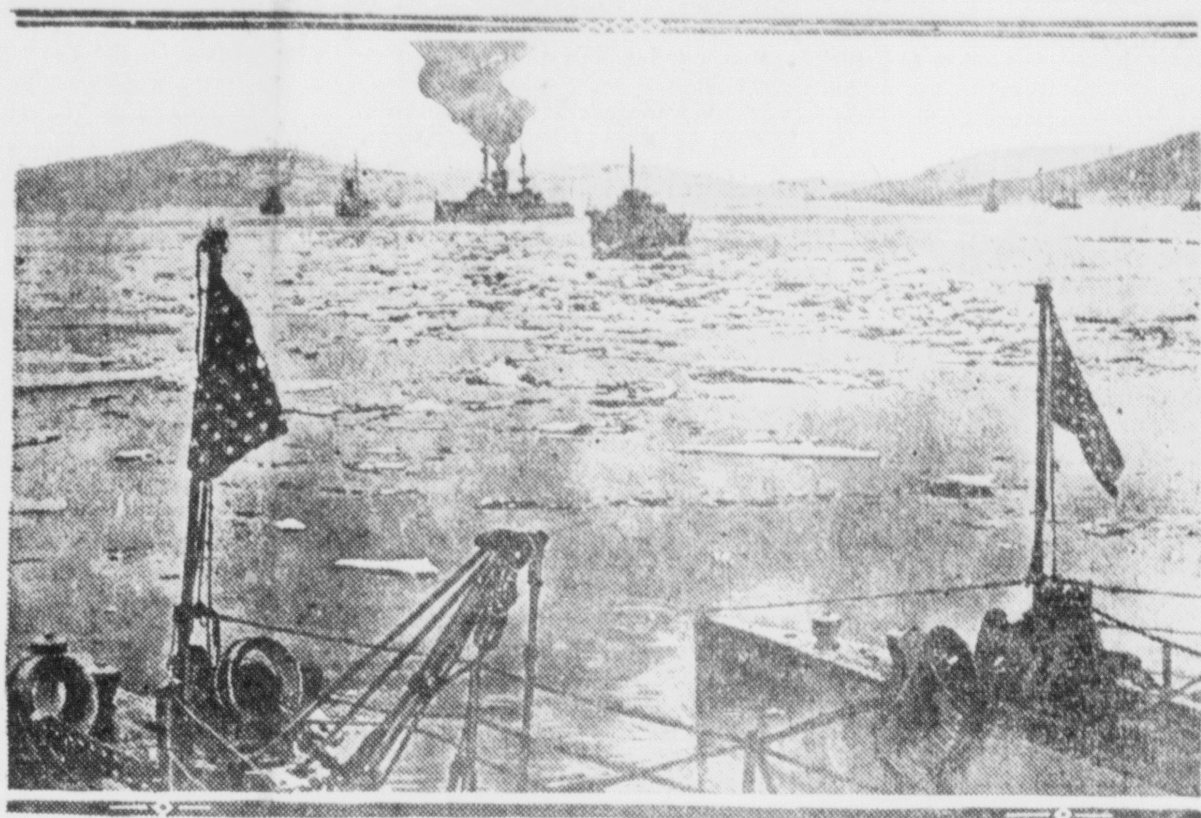

Bridges were swept away over swollen creeks, large wheat lands inundated and a considerable loss in live stock occasioned.

Wire communication was seriously affected and railroad traffic into Mt. Vernon utterly demoralized until late Monday morning.

BRIDEGROOM FALLS DEAD

Cedar Point, July 21.—Harry E. Weidell, aged 30, of Cleveland, who with his bride of two weeks was spending Sunday here, dropped dead of heart trouble when he raised a hammer to hit a striking machine this afternoon.

(By Associated Press.)

Washington, July 21.—Urgent representations made to Mexico City by the State Department as the result of the attack on American sailors in a small boat from the monitor Cheyenne near Tampico, July 6, were expected by officials here to bring prompt action by the Mexican government.

Meantime, further details of the attacks were awaited by both the Navy and State Departments.

No reply had been received early today from the commander of the cruiser Topeka, at Tampico, who was instructed to make a full report.

Secretary Daniels said today that no part of the Pacific fleet now en route to the west coast would be diverted to Mexican waters, adding that if additional forces were needed they could be drawn from the Atlantic fleet.

Three American warships are now on duty at or near Tampico.

GET DETAILS

(By Associated Press.)

Washington, July 21.—Three Mexicans in civilian clothes, two armed with rifles, constituted the band which

held up and robbed American soldiers who were on official duty in a launch from the monitor Cheyenne near Tampico, July 6th. A full report was received today from Commander Finney, of the cruiser Topeka.

Commander Finney said he immediately notified Mexican authorities at Tampico and added that they were making every effort to apprehend the bandits and had expressed deep regret that the incident should have occurred.

**TEXAS WANTS
A FREE HAND**

(By Associated Press.)

Austin, Texas, July 21.—Without debate the Texas Senate today adopted a concurrent resolution calling the attention of the President and Congress to the "guerrilla warfare that has prevailed along the Texas-Mexican border since 1915" and asking the federal government if it cannot protect the border, to "accord to Texas that liberty of action" in protecting its citizens that the republic of Texas enjoyed prior to the time that it "in good faith became a state of the union."

**GEDDES NAMED
TO END STRIKE**

(By Associated Press.)

London, July 21.—Sir Eric Geddes, minister without portfolio, was appointed today a commissioner to attempt to settle the miners' strike and is on the way to Yorkshire, Premier Lloyd George announced in the House of Commons.

Over 200,000 British miners are on strike and a number of mines are threatened with permanent damage because pumpers have refused to man the pumps and the mines are being flooded.

(By Associated Press.)

Paris, July 21.—The body of Sergeant Paul Mannheim, of the French army, who was murdered in Berlin, on July 13, arrived in Paris today.

The French Government recently sent a note to Berlin demanding one million francs indemnity for the murder of Sergeant Mannheim and an additional sum to Mannheim's family.

Germany refused to pay the indemnity, but pointed out that the apology forwarded to France had agreed to recompense the family of the murdered soldier.

Ohio Senator Makes Reply to
Severe Criticisms of Lodge
and Others

(By Associated Press.)

Washington, July 21.—Prompt and unreserved ratification of the peace treaty with the League of Nations covenant as urged on the Senate today by Senator Pomerene, of Ohio, democratic member of the foreign relations committee.

In a prepared address crowded with constitutional and legal arguments, Senator Pomerene said the League was not a sure preventive of war but would tend to prevent war and could be amended as experience required.

He replied to the criticism of republican leader Lodge, Senator Knox, republican, of Pennsylvania, former Senator Root and Chairman Hays of the Republican National Committee.

Much of the opposition, Mr. Pomerene asserted, springs from partisanship.

**NINE DROWN

Belmont County is Scene of
Heavy Loss of Life by
Drowning.

Property Loss is Exceptionally
Heavy.

(By Associated Press.)

Columbus, O., July 21.—Advices today from various parts of Ohio indicated that the heavy rainfall of the past two days has resulted in many thousands of dollars' damage to property and crops.

The heaviest damage reported is in Belmont county where nine persons were drowned and heavy damage done. Search continues for bodies of victims in the Wegee creek.

The Webb mine of the Cambria Mining Co. there was flooded and 1,000 feet of track washed out.

At Barton, where several mines were damaged and miners' cottages were swept away, several persons narrowly escaped with their lives.

**FINAL TOUCHES
BEING APPLIED
TO DRY MEASURE**

The Storage Provision is Not
Dropped

Final Vote Expected Monday
Night.

(By Associated Press.)

Washington, July 21.—A motion to strike from the prohibition enforcement bill the provision permitting storage of liquor in the home for personal use was defeated 107 to 3.

**DROP SECTION
OF DRY MEASURE**

(By Associated Press.)

Washington, July 21.—By a vote of 83 to 26 the House today eliminated the section of the prohibition enforcement bill which would have authorized the courts at their discretion to send to jail persons convicted of violating the law who could not furnish bond that they would not again violate it within a year.

Representative Guard, democrat, of Ohio, author of the amendment to strike out the section, declared it afforded a "unique method of double punishment for poor men unable to give bond."

At the speed with which the House worked after it resumed consideration of the measure today, leaders said it might be passed tonight.

FORMER RESIDENT TAKEN BY DEATH

Local people who well remember Mr. Lambert Woodhull, for a number of years making his home in this city and prominently identified with Washington's business, church and social interests, will regret to learn of his death, which occurred at his home in Belmont, Friday morning. Mr. Woodhull was one of the prime movers of the East End Chapel, now the McNair Memorial Presbyterian church, during his residence here and active in all church, Sunday school and temperance work.

A Dayton paper says in part: "Dayton lost one of her pioneer business men Friday morning at 1 o'clock when Lambert Woodhull, 89, died at his residence in Belmont. For years he was identified with the buggy and other industries but for several years recently had lived a retired life.

He was born in New York City February 28, 1839, and attended the public schools there until nearly 14 years old, when he entered a store as errand boy, soon advancing to head clerk.

He came to Dayton in 1857, and opened an agricultural implement and seed store on East Third street, near St. Clair street. Later he went into the buggy and carriage manufacturing business with his brother. He was later a manufacturer of gloves and mittens in Washington, C. H., and in Dayton until his retirement from active business.

He was always a successful business man, a great traveler and much interested in mission and church work. He was a man of kind heart, always ready to help the unfortunate. When he was 80 years old he taught a class of young people in the Belmont U. B. church, and was always interested in churches, hospitals, the Y. M. C. A., the Y. W. C. A., the Y. W. C. A., and everything that was for the betterment of mankind.

Mr. Woodhull was also a Son of the Revolution and prominent in G. A. R. circles. Surviving him are his wife, Clemence, and one daughter, Mrs. Joseph Wortman, Dayton, and one brother, Morris, of Dayton.

Funeral services will be held Monday morning at 10 o'clock at the residence in Belmont, followed by burial in Woodland.

MAN IS SHOT TO DEATH

BY A SPRINGFIELD COP
Springfield, July 21.—A man thought to be Charles Max Sern, aged 21, of Cleveland, according to registration card which he carried was shot and killed early Sunday morning by Patrolman John Miller while trying to escape.

Stern and a pal were in this residence district and started to run from a porch when pursued by the officer. Failing to stop as commanded, the patrolman fired and Stern fell with a bullet through his heart.

FUNERAL SERVICES MR. NOAH SMITH

The same high regard which had been given to Mr. Noah Smith, lifelong resident of this county, in life, was shown in the farewell services, which preceded the burial in the Washington cemetery Saturday afternoon.

The spacious home on East Market street was filled with relatives and friends, the various sections of the county being largely represented in the gathering, and many and beautiful were the flowers which surrounded the casket.

Rev. Arthur P. Cherrington, of Grace M. E. church, officiated with unusual impressiveness, reading the hymn "Nearer My God To Thee" and appropriate passages from the Scriptures in introduction.

The minister in a short talk touched upon the beauty of growing old in favor of God and in the realization that this way would not be passed again, with its opportunity for the developing of the highest things in life.

Mr. Smith had appreciated this side of life; had lent his support to the church, to education and to the high principles of Odd Fellowship. Unassuming, unostentatious, capable, industrious, his word "as good as his bond," naturally considerate in disposition and inclined to help those who needed help, Mr. Smith was the type of man who will be greatly missed in the community.

Those who knew him best found his social qualities well developed and in his home he was a most affectionate and interested husband and father and grandfather.

The memoir was a beautiful tribute written by Mr. E. L. Bush, neighbor and friend.

The services were closed by Rev. Cherrington in the reading of one of Mr. Smith's favorite hymns: "Rock of Ages."

The pall-bearers were Messrs. Clark Rowe, E. L. Bush, Frank James, Taylor Mantle, N. S. Barnett, E. O. Tanquary.

Among the floral remembrances were beautiful emblems from the I. O. O. F. and Daughters of Rebekah.

Relatives and friends from away here for the services were: the daughter, Mrs. Harry Foreman, of Cleveland, who has been here for six weeks, her daughters, Misses Catharine, Elsie and Mary and Mr. Foreman Mr. and Mrs. Paul Jones, of Columbus Dr. and Mrs. F. E. Wilson and Mrs. Lou James, of Jeffersonville.

SUNLIGHT FIELD MEN IN SESSION

Some sixteen of the field men of the Sunlight Creameries met in conference at the Arlington Hotel, Monday forenoon, and later dined together at the Arlington Cafe.

During the conference various problems connected with the field work were taken up and discussed, and arrangements made for continuing the work on an ever broadening scale.

About one-half of the "live-wire" men forming the field force are from this community, and the others from various points in Ohio.

At the present time the field force nearly a score of young men.

BUY WAR SAVING STAMPS.

AN APPRECIATION AND AN APPEAL

Fayette County can point with pride to the work of her women during the war.

We all know of the wonderful work that was done by the Fayette County Chapter of the Red Cross, by the Women's Committee of the Council of National Defense and in all lines of women's war work.

The women responded nobly to every call. The day was never too hot and the day was never too cold for them to be at their post of duty. They were never so tired after a hard day's work but that they could take additional work home with them and finished it at night if necessary.

Even the shut-ins and the women who for various reasons found it impossible to leave their homes, faithfully did their part to help win the war, knitting, sewing and in many other ways.

It was a stupendous task and it was accomplished only because back of it were all the people and all the resources of Fayette County.

Every man, woman and child was lending a helping hand.

People of all classes and of all creeds were working together for the common cause. Money was given freely whenever it was necessary.

Now when the war is over the reconstruction period carries with it problems to be met. Our government still calls upon the people of Fayette County to work together for a common cause.

The war is over but its expenses must be met. The wounded soldiers must be taken care of and the boys still "over there" must be brought home.

Our government has asked the people of our county to raise a certain amount of money by the sales of War Saving Stamps.

Uncle Sam has again called the women of Fayette County into service. Their work must be accomplished and their reports turned into headquarters by the third week in August.

The important question now is, "Are the people and the resources of Fayette County back of the women of our county in the work the government has asked them to do?"

In order to sell War Saving Stamps there must be buyers as well as sellers.

The women are ready to do their part. Will you do yours?

Will you buy?

CANTON — Demonstrations with three observation balloons of the sausage type will be given in this city during the next two weeks, according to Colonel Shuttleworth, head of the army recruiting service in the Cleveland district. FRIEND OF MCKINLEY DIES

Dayton, July 21.—Captain Henry Seftert, 74, native of Canton and for many years a warm personal friend of President McKinley, but who has resided at the soldiers' home here for 15 years, is dead of general infirmities.

FORMER CAPTAIN ON MISSISSIPPI DIES ON SUNDAY

Capt. Data Scott passed quietly away at his home in Bloomingburg Sunday morning at 8:45, at the age of 65 years. For some time he has suffered with heart trouble, which refused to yield to medical treatment.

For the past ten years Capt. Scott and family have resided in Bloomingburg, and during that time have made many friends, who sincerely regret the taking away of the husband and father. Surviving him are the widow and four children, Mrs. Chas. F. Gale, at home, Mrs. Paul Carman, of Selden, Messrs. Ira M. and Raymond Scott, of Bloomingburg.

Captain Scott was formerly a steam boat Captain and owned and operated a number of boats on the Mississippi and Ohio rivers, making his chief runs from Zanesville to Pittsburgh and Louisville and from Cincinnati to Memphis.

He was widely known and one of the most popular of the river Captains, having had unusually large experience. At the age of 18 years he started in steam boating with an uncle who was a Captain. In the Fall they loaded their boats and barges with northern merchandise and made trips south, in the spring, selling manufactured articles.

For the past twenty years Captain Scott was adjutant and inspector in the Marine department of the Near-Gibbs and Lent Insurance Underwriters, and was widely known in his work.

Funeral services will be held Tuesday afternoon at 2 o'clock at the home.

Burial will be made in the Bloomingburg cemetery.

RUSTY NAIL PENETRATES PALM

Edward Harper, the small son of Harley Harper of Millwood, recently ran a large rusty nail through his left hand when he fell from a fence while at play. The nail penetrated the palm and came through the back of the hand, causing a very dangerous and painful wound.

Every effort is being made to prevent serious results, and it is believed the wound will soon be healed.

A Good Result

The necessities of war—the great work of mobilizing men, supplies, energy and money, especially the last mentioned, the income and excess profits tax and many other activities—compelled the people of the nation to systematize their business.

Every man engaged in business, no matter what it was, every man, or woman either, engaged in the very essential occupation of "making a living" was compelled in order to exhibit his affairs to the government, that his proper share of the financial burdens could be parcelled out to him, was compelled to put himself and his business on a "business basis" to establish and keep orderly account systems so that he could tell just where he "was at," where he had been and where he and his business were going.

There was an awful complaint against that order. An appalling number of men couldn't tell much about the details of their business enterprises. They knew they had toiled and saved, but the whole story of their life activities was told to them in the bank balances, the broad acres or the stock.

There was no alternative. It simply had to be done. So after abusing, roundly, the technical accountants who had placed the burden upon them they set their houses in order.

The result is now a nation of systematized businesses, in the urban and rural districts alike. Men can now look over the figures and see where to do better. They can change their course to avoid the shoals pointed out by the chart of plain figures. Men know now what they can and cannot do, they know what ventures are promising and what are menacing.

The requirement of war that every man look his business in the face, get acquainted with it and study the record of his activities will be a great prosperity builder for the nation and for individuals.

How is it Done?

The advice to the consumers of foodstuffs, which includes all of us, to buy liberally of meats appears to the American people, in view of present almost prohibitive prices on meats, as a gruesome jest.

If there is danger of a surplus of meat accumulating on the hands of the great meat packers because of lack of demand, if the demand, in other words, is not equal to the supply, why in the name of common sense do prices remain sky high and continue to climb higher?

If the advice to buy meat because of the existence of a surplus was accompanied by a few words of explanation as to just why the law of supply and demand does not apply to meats it would be helpful.

The people are anxious to buy more meat, but they can't figure out how it is possible for them to do so. The danger of a surplus in meat could be avoided very easily by a reduction in price.

Those who are so liberal in advising the consumers to buy more meat should explain just what special rule applies to meat products.

The Pacific Fleet

A considerable part of America's great Atlantic fleet on Saturday steamed out of Hampton Roads, without unusual ceremony to commemorate the departure, for the in the future it will be stationed and known as the Pacific fleet.

It is the first time in the history of the nation that the great fleet has been divided, part to be maintained permanently in western waters while the remainder continues its vigil on the Atlantic.

Not since the days of John Paul Jones, since the birth of the American navy, all through the long years of its growth in number of vessels and power as a fighting unit until now it is second only to the British navy in all the world, has it been deemed necessary, or advisable, to divide the fleet or to send even any considerable portion of it to the western ocean. Why is this step taken at this time?

The menace on the Atlantic—Germany—has been disposed of finally and for all time. There seems no probable need of so vast a navy in the Atlantic. It is much larger than any development, now deemed possible, demands.

In the west appears the only possible danger—our possessions in the far Pacific. The departure of the fleet does not forecast the existence of any immediate need, but it does mean that the long line of the coast and the islands on the other side of the world where waves the stars and stripes are to have a portion of the bull dogs of the sea on guard.

POETRY FOR TODAY

I HAVE MADE SONGS.
Though I have made you many a golden song,
Hymning your loveliness in artful rhyme,
No one of these but does your beauty wrong,
And stands a libel for all listening time.
Dusks, I have said, are clouding through your hair,
And Earth's old twilight lingers where you are,
Dreams, I have said, have made your eyes a lair
For laggard brought from some old ruined star.

Yet, all of this is but a faltering art
Of futile words that strain beyond their reach;
And still about your image in my heart,
Tumbles the cloistered silence closed to speech—
A temple shrine, a dim and holy place,
Where no least word profanes your lifted face.
—David Morton in the Canadian Magazine.

JOHNART CHOSEN TO SUCCEED LEBRUN

(By Associated Press)
Paris, July 21.—It was announced in the lobby of the Chamber of Deputies that not only will Victor Boret be succeeded by Joseph J. B. E. Noulens as food minister, but that Albert F. Lebrun, Minister of the liberated regions, will be succeeded by Senator Charles Jonnart, now governor of Algeria, Lebrun taking Jonnart's post.

This change is supposed to be due

to criticism of the slowness with which the government is solving reconstruction problems.

BELGIUM'S PLANS FOR GERMAN TRADE

(By Associated Press)
Brussels, Saturday, July 19. — The Belgian Government next week will issue regulations governing trade with the Germans. Every transaction will require a license, and importers or exporters will be obliged to submit specifications, prices and other details.

Subject to this control, trade will be generally free except the exportation of gold, platinum, arms and munitions.

The marriage of Miss Ruth Richardson, daughter of Mr. R. A. Richardson, and Mr. George Clarke, of Lewisville, Ohio, was quietly solemnized Saturday evening at six o'clock, Rev. J. L. McWilliams performing the ring ceremony at his home.

The young couple were attended by Miss Helen Orr and Mr. Henry Plattory, of Hendersonville, N. C., and also accompanied by the bride's father and Mrs. J. Benson Wrenn, of Witicha Falls, Texas.

The bride was most attractive in white organdie, ruffled and finished with a graceful sash, forming a sash in the back. Her costume was completed by a white panama hat, and corsage of Bride's roses.

Miss Orr wore an effective dress of blue georgette with white georgette hat, and corsage of rose buds.

A party of friends waited outside and as they left the parsonage merrily launched the new matrimonial sea with a shower of rice and good wishes.

After the wedding a delicious two course wedding supper was served at the bride's home.

The decorations were prettily carried out in shades of pink, sweet peas forming the table center piece. With the bridal party were Mr. and Mrs. Charles Jones, Miss Helen and Mr. Russell Richardson.

Mr. and Mrs. Clarke left on the 10:17 train Saturday night for Akron, going on to Lewisville to visit Mr. Clarke's mother, and from there for a short stay at Cedar Point.

The bride's going away gown was a brown suit, with white hat.

For the past three years Miss Richardson has been chief operator with the Bell Telephone Co., her capable and courteous management winning the regard of patrons as her many admirable qualities and sweet manner had won friends galore.

While attended with all good wishes the bride's early removal is very sincerely regretted.

After their wedding trip Mr. and Mrs. Clarke return to this city to remain until September, when they go to their future home in Akron, Mr. Clarke to take a position with the Goodyear Rubber Company.

The bride groom some time ago received his discharge from military service, but has been retained in

Government work at the Base Hospital, Camp Sherman.

An enjoyable family dinner was held at the home of Mrs. Cora Bonham, Sunday. The original plans which were for a picnic at Rock Bridge, were changed owing to the down pour of rain, and the guests were pleasantly entertained at the Bonham home.

ARREST NEGRO AFTER BATTLE

B. & O. Detective Fred Licurance, Sunday night had a battle with a desperate character giving the name of J. C. Parks, colored, of Chattanooga, Tenn., and after knocking him down and firing once at him, subdued the fellow so that he accompanied the officer without additional trouble.

Parks, who admits to having been arrested upon several previous occasions—for fighting—was aboard a B. & O. train stealing a ride, it seems, and when commanded by the officer to surrender, showed fight. Evidently he did not know the sort of a man he was resisting, but a well directed blow from the officer soon convinced Parks that he had tackled the wrong man, and after realizing this, he started to make his get-away, but when he refused to halt at the officers command, a bullet was sent after him, and he hove to in short order.

It was expected that he would be given the limit for resisting an officer and train riding, so that he may spend some months in the Xenia work house, thinking over the escapade.

DOUBLE TROUBLE VISITS MACE HOME

It is being learned with wide spread regret that Mr. J. D. Mace was stricken with paralysis at his home on North North street Sunday.

Owing to his advanced age of 88 years his condition is doubly serious. Miss Grace Mace, who has been home from the Good Samaritan Hospital, Cincinnati, but a few days, following a series of most painful operations, found it necessary to return to the hospital, Monday.

The Mace family have the sincere sympathy of their large circle of friends in town and county, who hope for a speedy turn for the better.

GENERAL PRAISES MAJOR RELL ALLEN FOR SUPERIOR WORK

Major Rell G. Allen, who for the past year or so has held the position of Assistant Provost Marshal in the A. E. F., recently was highly commended for his work by Brigadier General Paul B. Malone, for his exceptional ability and remarkable record made in the duties assigned him. The letter of commendation follows:

"Headquarters First Replacement Depot, A. E. F., June 16th.
"To: Major Rell G. Allen, U. S. A. American E. F.

"Subject: Commendation.

"1. Upon arrival at this station I found you in command of the 134th Battalion Military Police, and was at once struck by the superior military bearing and devotion to duty of your subordinates.

"2. During the period that I have been commander this Depot these standards have not only been maintained, but have been improved. It is fair, I think, to say that no better Military Police exists in France than the unit which you command. They have exhibited to a high de-

gree those qualities of fidelity to duty, neatness and snappiness and that sense of discipline which inspires the incoming casual with an impulse to imitate. Through the efforts of your command, in co-operation with the French Gendarmerie, the military records of this Depot have been the best, with one exception, in the entire American E. F.

3. The foregoing is a record in which you can feel a just pride. The results are due to your personal close observation, the loyalty of your subordinates and the sense of responsibility which permeates the entire command. It gives me great pleasure to furnish you this testimonial of the services rendered by you and your command on the eve of the dissolution of this depot.

PAUL B. MALONE,
Brigadier General U. S. A.

TO BUILD HOME ON IDEAL SPOT

When Mr. Irwin Dunlap, the "pony man," of Greenfield, constructs a modern bungalow to be located on the first great hill of the series forming Pricers' Ridge east of Fruitdale, in Ross county, he will have what is pronounced the most wonderful location for a home in the state of Ohio.

The great hill, which is many hundreds of feet above Fruitdale, stands out like a giant sentinel above the surrounding country with an unobstructed view reaching to this city, 22 miles distant, and with a beautiful, slightly rolling territory intervening. At the same time the hill reaches above all other hills for some distance to the south, east and west.

The rich farming community to the north as far as this city, is laid out like a patchwork quilt, while the hills and valleys, curtained in blue mists as the distance increases, form an equally interesting panorama that can never be forgotten.

DRILL FOR OIL AT BLANCHESTER

Reports from Blanchester state that attempts are being made to locate a pool of oil or gas supply between Blanchester and Morrow, some four miles from the first named town.

The story is being told that a great deal of land has been leased for the purpose of drilling for oil or gas in that region and in the neighborhood of Clarksville, where it is believed by oil experts that the possibilities for obtaining one or both in paying quantities are good.

The most modern machinery is being used and the best of equipment has been brought to the scene, making the effort as one by a company of enough means to push it for all that is in it. More or less secrecy has shrouded the work, but enough people have been interested in the project to prevent perfect seclusion of the subject.

ATHLETICS BOOK OLD OPPONENTS

The long looked for event of the local base ball season is now an assured fact. The Wilmington Clintons for many season the "arch enemy" of the Athletics and always a dangerous opponent, will come to this city on August 3.

And then just to let the Clinton county fans have a look at the fast aggregation representing the Athletics, Manager Noon has consented to lead his tribe to the Clinton county metropolis for a game on the following Sunday.

This series is expected to be the hardest fought of any games on this season's base ball calendar.

UPPER SILESIA TO BECOME FREE STATE

(By Associated Press)

Breslau, Saturday, July 19.—The Silesian Economic News reports that the German Government has finally agreed that Upper Silesia shall become a free state.

Gustav Noske, Minister of Defense, is said to be the choice of the government to act as its representative before the Entente Commission for Upper Silesia.

No Camouflage in This Price

We have reduced the Titan 10-20 price \$225. You can now get the world's standard 3-plow tractor for \$1,000.

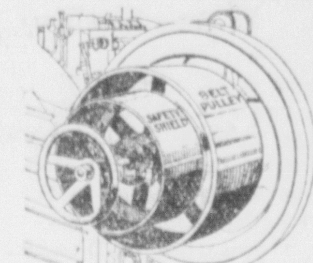

**Titan
10-20
\$1,000**
Cash F.O.B. Factory
\$1,050 on Time

When you buy a TITAN the original price includes:

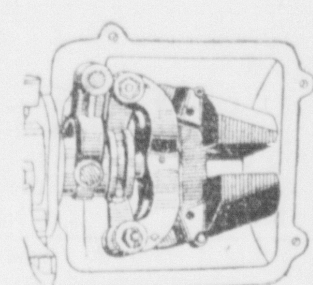

Friction Clutch Pulley

A large, wide friction clutch pulley, made in five sizes, equipped with safety shield, is mounted directly on the crank-shaft of the low-speed, steady Titan engine and delivers the full power to the driven machine. The Titan 10-20 can be quickly backed into the belt because of the location of the pulley and the belt clears the front wheels and other parts of the tractor by a generous margin. It is not necessary to dig holes for the front wheels to get belt clearance. The Titan pulley was not put on as an afterthought. The designers did not overlook it in the first place. Some tractor builders committed this very serious error, due to lack of farm knowledge and experience. To remedy this error, they designed a small make-shift pulley, in one size only, attached it in an awkward place, and charge you \$35 to \$40 for it. The Titan 10-20 friction clutch pulley is furnished without extra charge.

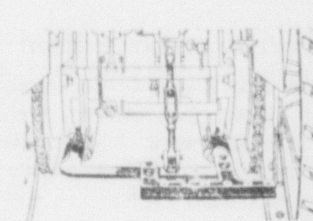

Throttle Governor

Some tractors are sold without governors because, perhaps, the designers did not know that one was needed. Which is the best economy—to pay an operator a salary just to sit on the tractor and adjust the fuel to the load variations when engaged in belt work or let a throttle governor do it without extra cost?—do it automatically, perfectly. The Titan throttle governor saves fuel, prevents grain losses by delivering uniform power to your thrasher and lengthens the life of both tractor and driven machines. You get this governor without extra charge.

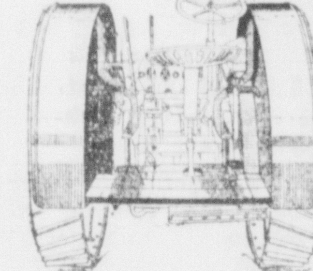

Drawbar

Some tractor builders put a hook and eye affair on the tail end of their tractors—and call it a drawbar! They seem to have overlooked the fact that a farm tractor not only pulls plows but also mowers, hay loaders, grain binders, harrows, thrashers, etc., each requiring different hitch adjustment. Perhaps they didn't know about these other machines. Look at the Titan drawbar. Note the provisions for a wide range of adjustment both up and down and sideways. The Titan drawbar fits every need and it is furnished without extra cost.

Fenders

The designers of some tractors evidently did not know that the drive wheels throw dirt, dust or mud over the operator and machine unless fenders prevent it. The Titan 10-20 has such fenders. They are also a "safety first" feature. The state of Michigan has passed a law prohibiting the sale of fenderless tractors. Titan fenders are furnished without the \$40 to \$50 extra charge made by the "low-price" manufacturers.

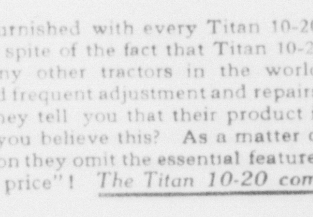

Platform

Some tractor designers apparently never sat in a tractor seat ten hours a day or more, piling over rough fields, so they can't appreciate what a relief it is for the tractor operator to rest himself now and then by standing up, without loss of time. You will appreciate the Titan 10-20 platform that enables you to do this. It is a comfort feature furnished regularly with every Titan 10-20 tractor—no extra cost.

Tools

A complete set of sixteen tools is furnished with every Titan 10-20. This handy tool-kit is provided in spite of the fact that Titan 10-20 tractors get out of order less frequently than any other tractors in the world. Some tractor concerns whose tractors really need frequent adjustment and repairs, furnish nothing but two or three wrenches. They tell you that their product is so good that it doesn't need adjustment. Do you believe this? As a matter of fact, they omit necessary tools for the same reason they omit the essential features described above—to make a low "camouflage price"! The Titan 10-20 complete tool kit is furnished without extra charge.

Then there is another thing. We are not experimenting at your expense when we sell you a Titan 10-20. There is real farm machine and tractor manufacturing experience back of it. We have been in the farm machine business for 88 years and have been supplying tractors for 14 years. Not another company in the world knows the farmer's power and machine requirements as the Harvester organization does.

Would you entrust your bank account to a man who had never had any experience in handling money? Will you risk your farm profits in a tractor built by designers whose knowledge of farming is limited to books and a drawing board? It will pay you to think about these things when you buy your tractor.

Starting and Instruction Service

Another "joker" of some tractor concerns is to charge you a large "starting and service" fee—extra. This is another way of getting a low price for advertising purposes. But you can't get the tractor without paying this charge. They make it compulsory. The International dealer gives you this service without asking you to pay extra for it when you buy a Titan 10-20. Free tractor schools inaugurated by us, also benefit Titan purchasers in all parts of the country.

LIGHTNING FREAK

Lightning played strange freaks on the barn at the home of Ervin Huffman on the Jasper pike.

Striking the structure during the severe rain storm of Tuesday afternoon, the lightning tore a small strip of weather boarding from the side of the barn, and then burned its way clear through the hay in the mow.

The lightning left a hole burned out big enough for it to pass through, but beyond that did not burn or set fire to the hay.

The small loss is covered by insurance.—Xenia Gazette.

WEATHER MAN STOPS SUNDAY BALL GAME

A rain soaked field was the only thing that stood in the way of another victory for the Washington Athletics Sunday afternoon on the local lot. Every thing was set for the best

game of the season, when the weather man decided to act as umpire and the big show was off.

The two teams will attempt to get together again on the 17th of August when the Athletics will go to Xenia and play the Reserves on their own lot.

GOOD GASOLINE AND GOOD OIL
MAKE A GOOD MOTOR BETTER

Gasoline Certainty

You, Mr. Car Owner, are more interested in the above declaration than you would be if we stated it in more embellished language. Whether it is "genuine" this or "genuine" that doesn't interest you half so much as the miles per gallon you get; and you care little from what part of the country it comes, so long as it is "good for your motor" and healthful for your purse. Liberty Gasoline is "genuine gasoline", and that's all, excepting that it gives you more miles per gallon with greater satisfaction.

GREATEST CROP OF BLACKBERRIES

At the present time what is pronounced the greatest crop of blackberries ever known in the hill counties of the state is at its height, and the chief topic of conversation in the berry district is—blackberries.

For days it has been a common sight to see automobiles laden with blackberries, coming out of the hill counties, and a large number have passed through this city in that time.

Wherever there is a blackberry bush in the hills, berries are to be found, and in some places the berries are more abundant than pickers, and many of them will be lost. This is true chiefly far down in the hill lands.

There is a ready market for every berry that can be picked, and where not purchased by consumer or retailer, they are bought up in large quantities by canning companies.

As an instance of the magnitude of the berry crop this year, one Ross county man has a hill pasture field of 28 acres. Last week the average daily picking was 20 bushels, and this week the man expects 30 to 45

bushels daily—and then leave the small ones.

Because of the fact that enough pickers cannot be found to save the entire crop, the prices continue to remain fairly high. The berry season will last two weeks yet.

SOUTH AMERICAN CRUISE OFFERED

Springfield, O., July 19.
 Editor The Herald,
 Washington C. H., Ohio.

Just received a telegram from Bureau of Navigation, Washington, D. C., containing following news of interest to the public in general and especially to men between ages of 17 and 35 and men who have had previous military and navy service:

"Enlistments may be made in the Navy for two years. Heretofore enlistments in the Navy have been for four years only, and many young men did not care to enlist for this long a period. The advantage of naval training in its many branches is now open to those who wish to enlist for two years. Those joining will have an excellent chance to make a long South American cruise which has been promised by the Secretary of the Navy."

Further particulars regarding short term enlistments can be obtained through the postmaster of your city or by applying in person or by mail at this office.

Yours truly,

J. P. EMMERL, U. S. N.

RAIN ONCE MORE DELAYS THRESHING

A great many farmers in Fayette county, who have not completed their threshing are becoming a little worried because of continued rains preventing the work being done, and some of the wheat that was badly tangled up is not in very promising condition, although the wheat that was standing good when cut and was properly shocked is in good condition.

It is expected that with proper weather threshing may be resumed late Tuesday or Wednesday.

AUTOS COLLIDE BERRIES ARE LOST

Several gallons of blackberries were thrown in all directions, Sunday noon, when a large touring car with a large crate tied on the side was hit by another car at the Court and Fayette street corner.

The car approaching on Court struck the touring car amidships just where the berries were tied on the side and at least two bushels were scattered over the square. Both parties in the cars were badly shaken up.

WAR HERO HELD FOR MURDER.

Ottawa, July 21.—Philip Konowal, wearer of the Victoria Cross who led Ottawa's peace parade last night, is a prisoner in Hull jail held on a charge of murder. Konowal, who is a Russian and saw service in France and later went to Siberia with the Canadian troops, is alleged to have killed a fellow countryman in a road-house brawl in Hull shortly before 6 o'clock last night.

GREAT SOUTHWEST BADLY PARCHED

Former Probate Judge of Fayette county, J. L. Zimmerman, who recently returned from Mexico where he has large mining interests, was in this city Saturday and states that in some parts of the southwest along the Southern Pacific Railroad the country has become so parched for lack of rain that at the present time it is nothing uncommon to see dead cattle along the roadside, and to see thousands of them so poor that they can hardly stand.

Judge Zimmerman predicts early settlement of the Mexican problem which has been so annoying for the past several years. He anticipates the strong arm of the United States will be used to bring about something like tranquility south of the border. In that part of Mexico in which his mining interests are located, he states, no serious trouble has been experienced for a number of years.
